Secretary of State's Office – Elections Division - Administration For Oregon State

Regarding: **Notice & Praeipce, elector the status change**
Cancellation of Voter Registration
Registered Mail Account RA 629 906 375 US

To Whom It May Concern,

I, :David-Lester; Straight: do hereby make this declaration of my “Elector” Status as one of “we the people” a state national as defined in title 8 s 1101 (a) (21), as one who elects their representatives.

You will please take notice that I recently discovered that there are certain political liabilities attached to the voter registration which, had they been fully disclosed to me at the time I was induced into Consent Contract, would have dissuaded me from doing so. For that reason and on that basis, I am hereby repudiating the said contract and hereby rescinding my signature from and declare void any and all forms, cards and instruments which may evidence the said mistake.

You will also forthwith please remove my fiction dba name DAVID LESTER STRAIGHT from the voter rolls from the STATE OF OREGON and any political sub-division thereof as well as notify any and all interested parties of this Elector status change. My individual sovereign Consent is withdrawn and reserved until further notice. No answer to this instruction is required but acknowledgement of the compliance would be appreciated. In the event that you are unable or unwilling to comply with this instruction I shall alternatively require of you evidence of your Article VI Oath of Fidelity as well as the policy number, name and address of the underwriter of your Bond.

I hereby declare my elector status as one of we the people who founded government, not as a US Citizen or citizen (voter) created by the 14th Amendment of the Constitution, by government.

Respectfully,

David Lester Straight
Non resident alien / American State National Elector
